Circa Creative Studios,

I am writing this letter to express my interest in joining your team at Circa Creative Studios.

I possess a wide range of abilities that include design principles and creativity. I have a passion for design, creativity, and helping others. With three years of experience designing I think I could be a great addition to Circa Creative Studios as a graphic designer. I have a Bachelor of Fine Arts with a focus on graphic design and I have expertise with Adobe CS, branding systems, design audits, Figma and have completed multiple courses in typography. I am eager to collaborate with other people and share ideas. I look forward to hearing from you.

Please feel free to visit my portfolio and resume.

Thank you for your consideration.

Sincerely,

Lydia Dorsey
